

# MOSAIC

Welcome to Mosaic, the high-quality monthly magazine for our Pennine villages.

Our writers and photographers produce compelling features on rural life, homes and gardens, fashion and design, food and wine, the outdoors, sport and motoring.

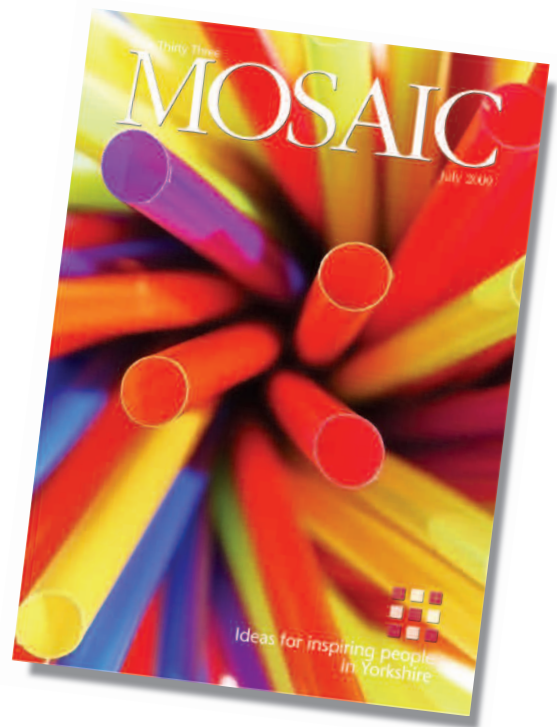

Subjects have included a cutting-edge home at Thurlstone, a Bradfield brewery, a sausage-maker at Hade Edge, a fashion designer in Kirkburton, a charm school at Scissett, a hunt at Emley, the Broomhead Moor gamekeeper and a corner of paradise at Wentworth.

We like to focus on the small enterprises that help to keep our villages alive. We've visited a Silkstone silversmith, a Penistone toy-maker, a stone waller from Howbrook, a blacksmith from Millhouse Green and the Notton shop rescued by locals.

When it comes to food, you'll learn of the best suppliers, the choicest retailers, the best restaurants and the hottest recipes. Among our contributors are chefs James Riley from Hoylandswaine and Jason Neilson from Cawthorne.

Expert opinions? Michael Klemperer, our gardening correspondent, is head gardener at Wentworth Castle and Kevin Drayton, who writes on design and buildings, is a local architect.

Prestige brands to have featured in Mosaic since its launch two years ago include BMW, Land Rover, Brooklands Hotel, Jaguar, Waterton Park Hotel, Livingwell and Rolex.
